MAKINDE KELVIN OLAMIDE

FULL STACK DEVELOPER (MERN)

+2349065273201 | +2349014290986 | kelvinmakinde3@gmail.com | https://github.com/Amazing-Tech1

PROFILE SUMMARY

Full-Stack Developer and Team Lead with professional experience designing, building, and maintaining production web and mobile applications. Promoted to Team Lead in 2025 at Trinixbyte Solutions Limited, leading development across full-stack products and overseeing architecture, code quality, API integration, and delivery. Experienced with strong problem-solving, debugging, and application optimisation skills.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3

Frontend: React.js, Next.js, Tailwind CSS, shadcn/ui

Backend & APIs: Node.js, Express.js, REST APIs, Inngest

Database & Services: MongoDB, PostgreSQL, Prisma, Neon, Clerk, Arcjet

DevOps & Tools: Git, GitHub, Docker, Vercel, Claude Code

EXPERIENCE

Trinixbyte Solutions Limited (Team Lead & Full Stack Developer) *2024 – 2026*

- Lead a cross-functional development team, owning project architecture, sprint planning, code reviews, and delivery timelines across multiple concurrent full-stack products.
- Make key technical decisions end-to-end database schema design, API structure, and deployment strategy — translating business requirements into scalable system architecture.
- Mentor front-end and back-end engineers, establishing coding standards and review practices that improved code quality and shortened review cycles.
- Coordinate directly with stakeholders and clients to scope features, manage priorities, and ensure on-time delivery of production systems.

FEATURED PROJECTS — TRINIXBYTE SOLUTIONS LIMITED

QuickCart — quickcart-mu-seven.vercel.app
Full-Stack E-commerce Platform

- Developed an e-commerce application using Next.js, TypeScript, MongoDB and Mongoose, with authentication, user management and product/order workflows.
- Integrated Cloudinary for image management and built responsive interfaces using Tailwind CSS.

Oyo State Housing Corporation — housing.trinixbytesolutions.com
Government Housing Platform

- Developed public-facing and administrative interfaces using React.js, shadcn/ui and Tailwind CSS.
- Integrated Laravel REST APIs for property management, document uploads and administrative workflows.

SchooLama — https://school-lama-wsxp.vercel.app/
Full-Stack School Management Dashboard

- Built a school management dashboard using Next.js, TypeScript, Prisma ORM v8 and PostgreSQL.
- Implemented Clerk authentication, role-based access control and dashboards for administrators, teachers, students and parents.

BuddieLease — buddielease.com
Full-stack property platform with an in-product AI assistant

- Developed property listing, search, filtering and authentication features using React.js and Tailwind CSS.
- Integrated Buddie AI, an assistant designed to guide NYSC members through their service year.

CAC Official — cacworld.org
Organizational Platform

- Developed public-facing pages and an administrative CMS for managing events, departments, history and media.
- Built responsive interfaces using React.js and integrated backend APIs.

HWCN Global — hwcnglobal.com
Organizational Platform

- Developed a modern front-end for live services, events, and media highlights using React.js, including horizontal-scroll components and smooth animations, optimized for mobile and desktop.

Tomato — Food Delivery Web App — food-delivery-apps.vercel.app

- Built a full food-ordering interface with product browsing, cart, and an Admin Panel for managing food items, transactions, and delivery.

TRAINING

Web Development Training (Self-Directed)

- Gained structured, project-based training in HTML5/CSS3/JavaScript, React.js, Node.js, React Native, Next.js, Tailwind CSS, and the MERN stack (Bro Code, Dave Gray, Great Stack).
- Built real-world projects while learning, strengthening problem-solving, debugging, and component-based architecture skills through continuous practice.

SOFT SKILLS

Team Leadership & Mentoring • Critical & Analytical Thinking • Cross-functional Collaboration • Adaptability • Multitasking • Communication • Time Management • Continuous Learning
